

Flipping the Switch: Four Principles of Significant Thinking (Paperback)

Filesize: 8.62 MB

Reviews

These types of book is the greatest ebook readily available. I was able to comprehend every little thing using this published e pdf. I realized this pdf from my dad and i encouraged this publication to discover.

(Dr. Porter Mitchell)

FLIPPING THE SWITCH: FOUR PRINCIPLES OF SIGNIFICANT THINKING (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Do you want to be a diamond, but feel you are still semi-precious? Have you been yearning to adopt a more fulfilling lifestyle but don t know how to begin? Is your history hindering your future? Author Wm. Wayne Brown, EdD, draws from his own observations and research, along with the experiences of others, to help you realize that how you think is as important as what you think in shaping your future. To be clear, this is not just another positive thinking book, though it is full of hope as it introduces you to the power of significant thinking. Neither is it academic, though backed by scholarship; nor is it religious, though spiritual. What this book is, then, is a practical resource for changing your thinking process and then taking action. Flipping the Switch ultimately provides a pathway that allows your spirit to soar. Throughout his career in education, ministry, and community development, Dr. Brown has been passionate about mentoring others. Along the way, he has developed a unique set of concepts designed to enhance inner processes, such as transforming failure into a powerful motivator for achieving success. Maintaining a lightness that demonstrates the benefits of a sense of humor, Flipping the Switch guides you through the reflective process so you can initiate positive change in your life.
