Createspace, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Do Doctors Make You Feel Crazy? Do you have a mysterious illness that's been plaguing you for weeks, months, or even years? Do you feel tired, run down, congested? Are you experiencing the infamous brain fog? The truth is that these symptoms could be caused by any number of conditions, but a common cause that most don't know about is mold. Ubiquitous in temperate climates (i.e. most of North America!), mold can grow in walls, carpets, books, and even clothing. You may not know it's there. If you tend to feel better when you leave your house, mold could be the hidden source of your mystery ills. So You've Got Mold. Now What? Mold is everywhere, and it's a serious health concern. Do you sell everything you own? Burn the house down? Luckily, these extreme solutions are not necessary. There's a better way that will allow you to stay in your home, keep your possessions, and experience improved health, all without the use of harsh chemicals. Reclaim Your Health First of all, you'll need to know if mold is actually present in your home. Think you need an expensive professional for that? Think again. You can be your own mold detective. After detection, it's time for clean-up, but again, there's no need for a chemical bath. Natural cleaners have actually proven to be more effective than bleach. If all this sounds a bit overwhelming, fear not. Joey Lott has laid out a practical...
