Bitcoin is the world's first decentralized crypto-currency in circulation and available today. This book will give an overview of the history of this crypto-currency as both a concept and a product. It will also discuss the various uses of Bitcoin in today's market-driven world. The value of Bitcoin both as a currency and for storing value is discussed in the chapters to follow. This book also talks about how you can obtain Bitcoin for yourself and maintain a wallet to store your crypto-currency safely. The book will also get into the Bitcoin Block chain, and how it helps in the maintenance of the legitimacy of the online currency. Apart from discussing the uses of Bitcoin in everyday life and business, the final chapter of the book takes a look at the pros and cons of Bitcoin as a currency and technology. It also takes a look at how successful it will prove to be in the future, and what happens when there are...
