Reviews

This ebook will never be effortless to get started on studying but extremely fun to read through. It is actually written in easy phrases and never difficult to understand. It is extremely difficult to leave it before concluding, once you begin to read the book.

With a clear writing style, this accessible book is unique in teaching financial accounting from a non-country specific perspective, using International Financial Reporting Standards (IFRS) as its framework to explain key concepts and practice. Building on the success of the second edition this truly international book continues to draw contemporary examples from Europe, the US and beyond, and has been fully updated to incorporate the extensive accounting changes of the past three years. 504 pp. Englisch.
