

Training in Medicine

By Elaine Jolly

OUP Oxford Oxford University Press Aug 2016, 2016. Taschenbuch. Condition: Neu. Neuware - Oxford Specialty Training is a specialty revision series for postgraduate trainees taking into account the training structures and syllabuses and the busy lives of junior doctors. Training in Medicine is a complete guide to early years specialty training in medicine, and particularly focuses on core medical training. Essential for those taking the MRCP, the book covers all of the relevant areas in general medicine training, including epidemiology, evidence based medicine, and professional related issues. Each chapter covers the basic science and clinical topics which trainees are required to learn as part of their basic training and demonstrate in the MRCP. This book is authored by both trainees and specialists, and has been comprehensively edited and peer-reviewed by both groups in order to create an authoritative yet accessible text. Easy navigation is combined with discrete double-page spreads on individual topics allowing rapid access to information, making the book extremely useful in clinical practice. This is complemented by over 600 full colour illustrations, including high quality clinical photographs, images and diagrams, to aid visual memory of the topics. Breakout boxes highlight the key learning points. The organisation of the...
