Reviews

This pdf might be well worth a study, and a lot better than other. It really is simplistic but excitement inside the fifty percent in the book. Its been printed in an exceedingly straightforward way which is just after i finished reading this ebook through which really modified me, modify the way i believe.

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Stylized Features of Volatility | Stock market volatility has its application in a variety of advanced financial decisions like construction of portfolio of financial assets; hedging of systematic risks; pricing of financial derivatives and options on stock indices; calculation of required rate of return and evaluation of the performance of mutual funds. All the above decisions require the estimation of volatility accurately with exact precision by using parsimonious models. The present book: Stock Market Volatility: Cross-Country Analysis has been undertaken to study during 01.07.1995 to 31.07.2015 by developing mathematical models for calculating and comparing stock market volatilities of both selected developed and emerging market economies which take care of the stylized features of clustering, asymmetry and persistence. This book is designed to share the stimulating, challenging, fascinating, and sometimes frustrating world of research supported decision-making policy makers, investors, financial researchers in Finance, Statistics, Applied Statistics, Management and Commerce. | Format: Paperback | Language/Sprache: english | 100 pp.
