ALTERNATIVE FRAMING MATERIALS IN RESIDENTIAL CONSTRUCTION: THREE CASE STUDIES

BiblioGov. Paperback. Condition: New. This item is printed on demand. 120 pages. Dimensions: 9.7in. x 7.4in. x 0.2in. As lumber prices have risen, builders and other providers of affordable housing have sought lower-cost alternatives to conventional wood framing for residential construction. *Alternative Framing Materials in Residential Construction: Three Case Studies* compares the cost competitiveness of three of the most promising, commercially available building systems: foam-core panels, light-gauge steel framing, and welded-wire sandwich panels with conventional materials and techniques. Light-gauge steel framing...
