It originated in Japan and has become popular throughout the world. There are many styles of karate but the most widely practised outside of Japan is Shotokan Karate. Training in karate is normally divided into three sections: the basic technique; kata, or sequencing of techniques to imaginary opponents; and kumite, the sparring done with an opponent. In total there are ten gradings to be passed in order to get a black belt - this, on average takes a student four years to attain. This book covers all the training needed to attain a black belt. This new edition includes brand new material on partner work, more grading tips to help you avoid making common mistakes, and new footwork diagrams to help you understand the movements better. An indispensable guide.
